OUR VISION

- > Make KT Investments all that it can be in South Africa. Through growth, improving work practices, contribute positively towards sustainable development in the following areas:
- > **Socio Economic Development** by providing jobs thus promoting well-being of people and ensuring that local communities gain equitable social development.
- > **Commitment** to environmental policies and compliance to safety and production drives.
- > **Skills Development** by developing the skills of South Africans – Improve the quality of life of workers, their prospects of work and labour mobility;

OUR MISSION

- > To make a profit, but in such a way that it makes a real and lasting contribution to the communities in which we operate.
- > We are establishing ourselves as a leader in our industry, and grow profitably for the benefit of our stakeholders.
- > Becoming the service provider of choice in South Africa; performing very safe, high quality, cost effective work for our clients.
- > Providing sustainable jobs with a focus to employ youth and woman.
- > Ensuring health and safety by committing to staff development through comprehensive training on the job, whilst providing suitable personal protective equipment.
